DEPLOYING AUTOMATED TECHNOLOGY ANYWHERE

Ohio wins USDOT Automated Driving Systems Grant

I-70 Truck Automation Corridor

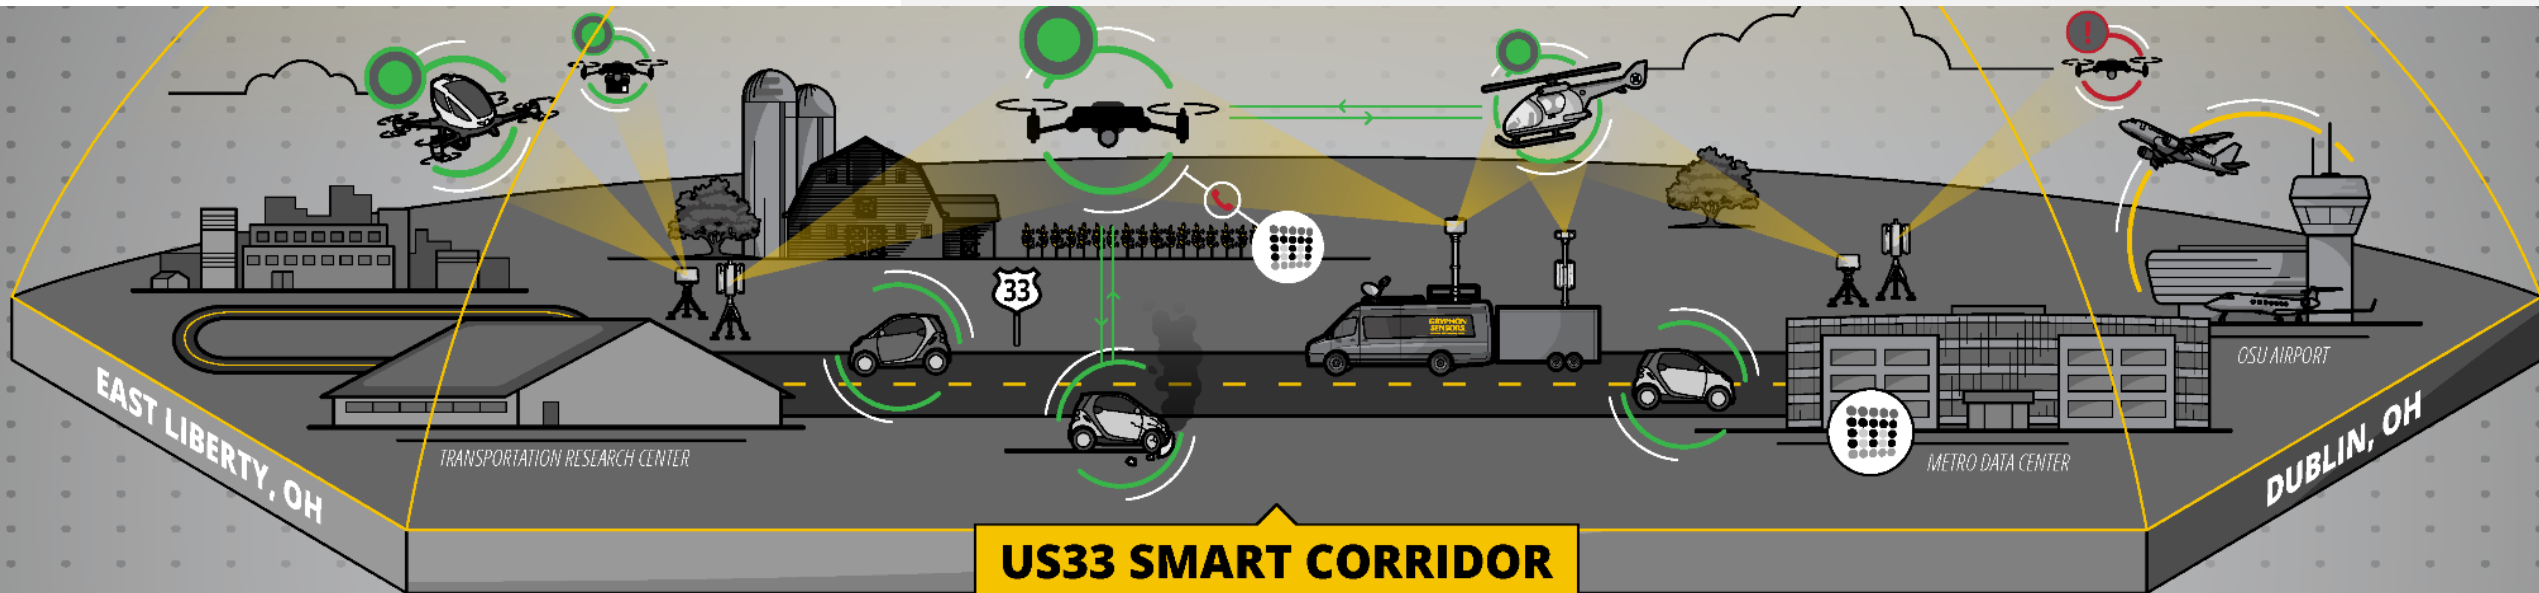

The US 33 Smart Mobility Corridor is one of the world's **largest integrated smart mobility test corridors** – on the ground and in the air.

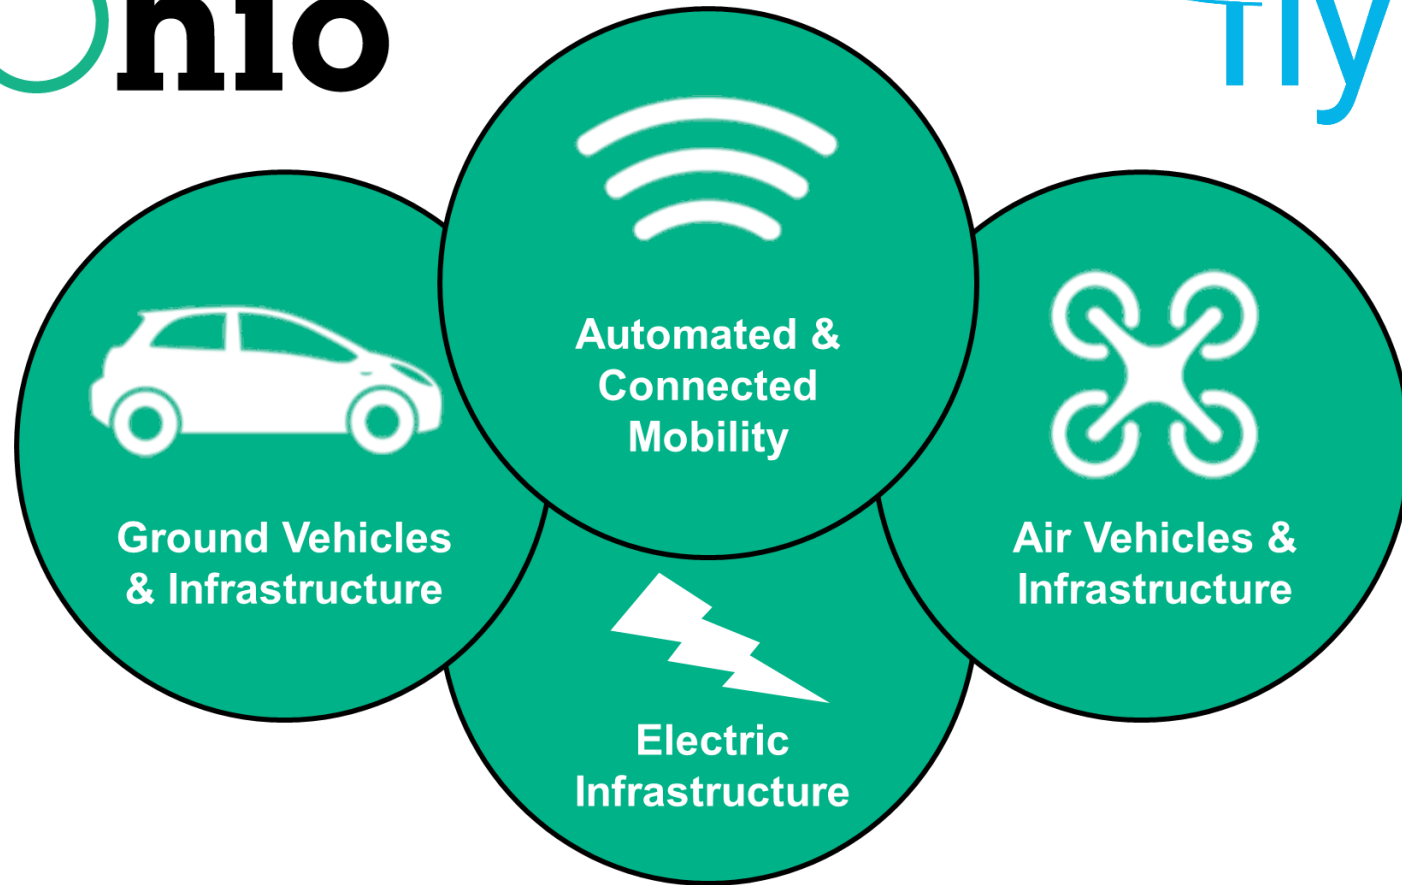

- 35 miles of **connected + automation-ready** roads
- Low-altitude **air traffic management** testing
- **Industry, academic, and research** collaborations

DriveOhio

flyOhio

Ohio is the hub for smart mobility – on the ground and in the air.

Come here to test, stay here to grow.
